

*New Perspectives, New Strategies, New Opportunities*

# **Beckman Coulter** **Symposia 2009**

*Save the Date*

## **August 20th, 2009**

**Time: 11am PDT**

**Location: ONLINE**

*details provided upon registration*

**To register, please visit**

**[www.BeckmanCoulter.com/Symposia3](http://www.BeckmanCoulter.com/Symposia3)**

Watch for information on future Virtual Symposia topics. We will be discussing "New Markers of Renal Function" on September 17th.

**Beckman Coulter is pleased to announce our third Virtual Symposia event.**

*This exciting new format brings the education to you at **no cost** and with **no need to leave the lab.***

Please join us for our third virtual symposia topic:

***Remisol: Data Management in Action***

Presented by Paula Mann, MT

Attendees will have a working understanding of how they can improve the flow of information in the laboratory and reach new heights in workstation efficiency. The presentation will demonstrate how a 24/7 assistant can refine result management, standardize the way technician intervention is handled and incorporate lean/six sigma initiatives in your laboratories related to data management. As test volumes increase and the number of experienced laboratorians decreases we need to maximize efficiencies while promoting exceptional patient care. Practical examples will assist in demonstrating the impact data management can have on your laboratory.

*Earn Continuing Education Units (CEUs). Beckman Coulter is an approved provider of continuing education programs in clinical laboratory science by the ASCLS P.A.C.E.\* Program. Earn one contact hour of P.A.C.E. credit for attending each lecture.*
